

# DANIEL C. WILSON

Front-End React.js Engineer

615-796-4896

dev.danielcw@gmail.com

Murfreesboro, TN

www.danielwilson.io

## SUMMARY

I'm a Web Engineer with a strong focus on JavaScript and related frameworks such as React and Next. In addition to this, I am also strong in foundational skills like HTML, CSS, and UI/UX design. My focus is to become a seasoned Full-Stack developer that can produce web apps worthy of delivering exceptional user experiences and driving business outcomes. With proficiency in my tech stack and a strong work ethic, I'm more than capable of accomplishing anything.

## EDUCATION

### Middle Tennessee State University
